

Are You Going to Build or Make Alterations?

In either case you'll want to consider Curtis Woodwork. Besides doors, sash and the usual trim, there are Curtis stairs, colonnades, built-in side boards and kitchen cabinets—all going to make more livable and lovable homes. Every piece bears the trademark CURTIS. That mark means that the maker isn't satisfied unless you are. If you want a satisfactory home, come in and see us.

An Artistic Dining Room

Design 953, by Glenn L. Saxton Studios, Minneapolis, Minn.

PERSPECTIVE VIEW—FROM A PHOTOGRAPH.

INTERIOR VIEW—DINING ROOM.

THIS dining room shows artistic treatment throughout. The built-in buffet is under the battery of three windows. The heavy beamed ceiling is in harmony with the general effects.

READY IN NOVEMBER

New State Street Buildings Are Nearing Completion.

The new buildings of the Merchants Building company and the I. O. O. F. lodge on South State street are nearing completion and Contractor Seale, who has charge of the work, expects that by the first of November, that they will be ready for occupancy.

The front of the I. O. O. F. building is being changed somewhat to meet the requirements of the Western Union Telegraph company, which has secured a five year lease on the office room on the first floor. Instead of the fancy entrance as had been planned, the front will be brought out flush with the front of the building, so that all the room possible may be obtained inside of the room.

The outside display cases for the Merchants Building company block are being built at the present time, and the fronts for the various stores are being constructed, and will soon be completed.

The roofs of both buildings have been finished, and the interior work is being started. It is expected that soon after the first of November, that the rooms in this block will be ready for stores, and it is said that the Merchants Building company has applications for many times the number of stores that it has room for.

PROGRESSING RAPIDLY

Workmen Rushing Construction at Gratiot Gas Plant.

The work at the Gratiot County Gas company's plant on East Superior street is proceeding rapidly and it is expected that the new building will be ready and that much of the

machinery will be installed by November 1st.

The brick work of the new structure, is almost completed and the roof will soon be on, enclosing the building, so that the colder weather will not hold up the work to any extent.

When this is done the new boilers, etc., will be installed and the building put in use as soon as possible thereafter.

Before winter sets in the company will also erect an ornamental iron fence in front of the building and will place a concrete flooring on the court, east and north of the plant. A portion of the court to the north of the plant will be reserved, however, for flower beds and shrubbery which will be placed in the spring.

BUILDERS NOTES

Four new houses have been started by owners of lots in the Riverview subdivision. W. W. Cook is constructing a five room bungalow, with bath, on South State street in this addition, making two houses which have been started in the past three weeks on this street. Frank W. Jones, Rev. Hardwood and F. M. Oles are constructing small frame houses on other streets in this subdivision, which will become portions of larger residences this next summer. They are being constructed to allow the owners a place to live this winter.

Work on the Borton garage on East Superior street is rapidly nearing completion and it is expected that this new two story building will be ready for use about November 1st. Dr. Thornburgh has constructed a frame garage to the rear of his home on South State street during the past two weeks.

THE THEATRE

Genesta Theatre

A thoroughly enjoyable and startlingly original production is "Maternity." This is the newest feature picture to be issued by the World Film Corporation and it presents Alice Brady in the biggest and best role of her career. Miss Brady enacts the role of a young girl who is happily married but who is afraid of motherhood. The story tells of the remarkable manner in which she loses her fear and becomes happier than she has ever before been in her life. Miss Brady does the best acting of her career, so far, in this production. Her role is a highly dramatic one, but is also a very pleasing one, thereby making an unusually delightful combination. In the big five scene toward the close of the feature some of the most wonderful fire scenes ever filmed, are seen. This notable production will be the attraction on Sunday at the Genesta theatre.

"O. Henry" (William Sidney Porter) was the delight of America's short-story lovers. He left a heritage of marvelous tales. Human, over the heads of no one, filled with heart and sentiment were all his works. With a genial intensity of style, refreshing always, he never omitted to give each story an end that thrilled and surprised. Every one of "O. Henry's" beloved characters is brought to life in BROADWAY STAR FEATURES in a form that approaches the absolute climax of Motion Picture Art, at Genesta each Tuesday.

Idlehour

Those who saw Geo. Roban in "The Italian" or "His Sweetheart" will be anxious to see him again Sunday in his latest and greatest play, "The Cook of Canyon Camp."

This is a wonderfully human story, teeming with heart throbs, touched with pathos, relieved by smiles. The quaint humor and heart interest is introduced by one of the greatest actors on the screen. His ability to sway the public from weeping to shrieks of laughter in a moment has no small part in his popularity. It is said by those who have seen this play that it is worth the price of admission just to see him turn "Flapjacks."

There is a particular treat in store for Alma theatre-goers Wednesday when Dorothy Dalton will be seen at the Idlehour in "The Flame of the Yukon" a seven-reel special feature. The picture has the vigorous action, the wild poetic beauty and the heart appeal characteristic of the stories dealing with Alaska during the lawless gold rush period. Miss Dalton's role is admirably suited to her. She is a veritable Carmen—impulsive, without conscience, daring enough to act as she chooses. Yet when she meets "the stranger" and realizes, for the first time, the dominance of love she is willing to make a tremendous sacrifice and to brave the jeers of the dance hall people in order to win the regard of the man whom she had intended to "trim."

There will be a special matinee at 2:30. In accordance with the Idlehour policy there will be no advance in prices.

Jeffers-Strand

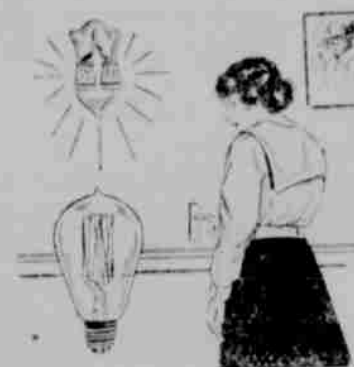

The Jeffers-Strand theatre in Saginaw will come out with another all star bill this next week, beginning with a Sunday matinee. Heading the bill will be "The International Revue" Daisy Harcourt, an English singing comedienne will make her initial appearance in Saginaw at the Jeffers-Strand. Sparks, Ali and Company will furnish a high grade feature in "Cat Tales." A fine comedy number is also billed, this being "Who's Sick." Hector, the mind reading dog is also billed for the Jeffers-Strand next week. It makes a high grade bill for the week.

Jain's Tablets.

"I have had more or less stomach trouble for eight or ten years," writes Mrs. G. H. Smith, Brewerton, N. Y. "When suffering from attacks of indigestion and heaviness after eating, one or two of Chamberlain's Tablets have always relieved me. I have also found them a pleasant laxative." These tablets tone up the stomach and enable it to perform its functions naturally. If you are troubled with indigestion give them a trial, get well and stay well.
